MEMORANDUM FOR THE DIRECTOR

SUBJECT: 23 February 1968 Non-Group Meeting

Two things of which you should be aware emerged during this morning's non-group meeting:

(1) The memo I sent yesterday (22 February) communicating most of the IV Corp ROIC cable (copy attached) has been relayed to the Ranch.

(2) Our [ ] memo and discussion continues to reverberate. Attached is Bundy's first draft of a cable he wants sent to Bunker from the Secretary. This was hashed over this morning and the language modified (but not weakened) in some areas. Bundy is relaying the revised version to the Ranch for Rusk to discuss with the President tonight and/or tomorrow. He is advising that this message has the general support of the working-level non-group but is not reflecting any individual agency or departmental clearances.
